

Female connector

- Female connector, screened, with stainless steel braiding
- Suitable for our inductive high temperature sensor IS-250-...Y21-... and inductive evaluation unit ISA-10-...-Y20-...

Technical data	
Type	S-Y20/Y21-0/0-Z10
Art.-No.	193 314A
Cable	FEP white, wire PTFE 2 x 0.34 mm ² , 600 V, screened with stainless steel braiding
Cable length	10 m
Bending radius with single bend	18.5 mm
Bending radius for flexible use	74 mm
Permissible ambient temperature	-200...+250 °C

All specifications are subject to change without notice. (25.06.2019)

Made in Germany
